Worked example

A **2015 Honda Fit (1300cc hatchback)**, imported in 2026, is over 5 years old. Hatchback 1001-1500cc = **K29,491.36** specific duty, plus K123.20 carbon surtax = **K29,614.56** total duty.

Your vehicle's duty depends on its body type, engine size and age - and hybrids or cars under 2 years old use a different (ad valorem) method entirely. Calculate your exact figure at **zamcalc.com/calculators/vehicle-import-duty** (or Total Landed Cost mode for the full import bill).
